Description of problem that CONTINUES TO EXIST: list only one problem	Repair Visits	Date In	Date Out	Mileage
From a stop in busy traffic I stepped on the gas and the vehicle completed stalled. Lost all power to engine and steering wheel. Looked up and saw a message on my dashboard stating "Low Oil Pressure". The vehicle drifted across the busy lane and barely made it across the lane as traffic was coming directly towards me. Without engine power and power to the steering wheel I had no control over the vehicle whatsoever.	1st visit	04/15/14	04/24/14	6734
